Nip Rogers will be guiding kids through a week long course of creating 2D and 3D JUNK ART, through constructing, painting, collaging and any other way that we can think of to create. It's going to be fun, and if you're not careful, you may learn something about your own creativity along the way. Campers will share their "junkyard" on Friday with fellow campers.

## Adventures in Sculpture with Mavis Miller

Session II; Ages 7-12

Mixed media, messy fun is on the menu-watch out that dessert doesn't bite!! With pinatas, puppets, and crazy creatures, there will be no stopping the creativity! We will take our inspiration from the whole wild world to create 3-D art that will be a fun to make as it is to look at! Papermache, clay, fabric, and found objects are just some of the mediums we will explore. This week will leave you covered in color and wondering what can't be made into sculpture! Sculpt it, Show it, & love the mess with Mavis!
